ERMES works on EXAMINER Smart

ERMES will be updated with 3-4 CD Roms  
per year. The ERMES subscription entitles you  
to receive i CD Rom updates and the  
password to activate them.

The subscription includes updates for both  
the database of vehicles that can be diagnosed,  
and all the new functions available.

If the subscription is not renewed,  
ERMES continues to function with the data  
and functions of the last update received.

### Contents

ERMES consists of:

- Unit for communicating with the vehicle
- Cables for connecting with EXAMINER Smart
- Clamps for connecting with the various types of vehicles
- CD for installing the SW on EXAMINER Smart
- User's Manual
- Carrying case for all pieces
- Warranty certificate
